

Concept Air Trace Micro Smoke System Kit

Kit comprises:

- Micro smoke generator
- Battery 12vDC
- Recharger and Lead
- Bottle of Smoke Fluid (500ml)
- Extension Tube

Optional Extras:

Mains Adaptor, Radio Remote

The Concept Air Trace is perfect for situations where a small amount of smoke is required for air tracing applications or in remote locations where no power is available. It is capable of producing a steady stream of smoke, if required, for up to 10 minutes on a full battery or up to 1 hour, with the optional mains adaptor and dummy battery.

An extension pipe 200mm x 15mm bore is included to allow precise placement of the smoke

The unit is very simple to operate, and makes smoke with no warm up time

Specification:

Output:

100 cubic feet/minute

Power Consumption:

75 W

Tank Capacity:

110 cc

Battery (supplied):

12V DC/2.3Ah

Consumption:

2 cc/min

Weight:

2.7 kg

Dimensions:

227mm x 66mm x 81mm
