

*Powerful Portable  
Energy Solutions*

# GÖLZ®

**IP67 Rated  
Weatherproof**

## *Industry Leading Features*

- Powerful Continuous 3.6kW output (18kW Peak 5 sec.)
- Long Run times 2.16kWh (Expandable up to 12.96kWh)
- Sine-wave Invertors. Clean, regulated power output protecting sensitive equipment including laptops, mobile phones, cameras and medical equipment.
- Xpansion 2100 provides extra 2.16kWh of run time, up to 5 Xpansion packed can be linked
- Clean, Noise and Emission Free Energy
- All Weather IP67 Rating
- Short Charging, <2 Hour (230v 16A)
- Solid State Li-NMC Battery Technology
- Long Product Working Lifetime – 4,000 cycles
- Charge from Mains, EV & Solar input

# Golz BattPak Range

## Powerful Portable Energy Solutions

Foldable Solar Panel 400W and carry case

Product	Description	RRP (ex VAT and delivery)
BattPak 3621	3.6kW Battery output, 2.16kWh Capacity 1 x 240 V, 16 A, 50/60 Hz 240v UK Mains Charging Cable	POA
Xpansion 2100	2.168kWh Battery Xpansion Pack. Provides 4.336kWh when used with a BattPak 3621.	POA
PU Solar Panel	Portable 400v Solar Charging Panel and carry case C/w PU to BattPak and Xpansion Pack leads.	POA
EV (Electric Vehicle) Charging Cable Type 2	Type 2 EV to BattPak Charging Cable.	POA

At Concept Smoke Systems, reliability in the field is everything. That's why we've introduced the **BattPak 3621**, a rugged, emission-free mobile power source designed to keep your smoke systems running wherever the job takes you.

Delivering **3.6 kW output** with a **2.168 kWh capacity**, the BattPak provides clean and dependable energy to power Concept's smoke generators or any equipment with a standard 230 V plug. From training exercises and live testing to remote site demonstrations, you'll have the confidence of portable power at your side.

Engineered with a **patented IP67-rated ventilation system**, the BattPak is built to withstand tough environments, while integrated USB-C ports keep essential devices charged in the field.

No noise. No exhaust. Just **silent, emission-free power** – perfectly matched to Concept's professional smoke technology.

Expansion Pack 2100
